

On November 16, celebrating the International Day of Tolerance, our progymnasium held the sixth "Talent hunt" activity.

This years „prey“, according to hosts-hunters of the activity Monika, Gabriele, Laurynas and Aivaras, was eminently big. We could watch 20 different shows on the stage: participants were dancing and singing, playing different kinds of musical instruments, reciting poems and even showing their karate skills. We are glad that our English language teacher Asta also took part and warmed us up with her merry song.

Great thanks to all participants, the audience appreciated your shows very much!
